

TO: HONORABLE Judge SHIRA A. SCHEINDLIN

DATE: JAN 24, 2019

FROM: BRIAN BACON #15-A2442 BG376

SUBJ: FEDERAL DETAINER

I am writing you in hoping that you can lift this Federal detainer that has been lodged against me since 2015. I know longer associate myself with illegal activities in thought. I've been reading more of the bible and I see things much clearer. I have navigated myself within these prisons walls and it is surely a maze that is pretty hard. I have stayed far away from incident reports. I also have been writing a lot of people so that I can attain a Bachelors degree.

Also I can be given work-release if this detainer can be lifted. I have a job at a shelter that will be available. My present release date will be 2023. During my Federal the Honorable Judge JAMES C. TURK presided over my case. He was a fair judge, and he truly had compassion for me because of my innocence in reference to a 1985 conviction where I was innocent. U.S. V. BACON, 94F.3d 158 (1996) it was based on me being a career offender.

Your honor, your disposition truly fits the characteristics of Honorable Judge TURK. In 2015 I remembered the interview you upon the TEVIS SMILEY show that I frequently watch. That interview was brilliant and I truly saw an honest judge at her best. This detainer will hinder work release, I had served 4 years 9 months on

5 years post Release. I am only asking for some help to better my situation. My focus since 2015 upon my arrest was to accept my plea and move on to a change in my life. I have done no wrong upon coming back to a not so good prison society. This Facility that I am presently in has not yet transferred me to a Facility to even attempt to touch a Bachelors degree. Constock, Coxsackie, and now Greenhaven have only AA. degrees which I already have on my Resume.

I truly appreciate the Fine ear and hopefully I can get a Response at your earliest.

Sincerely

MR. B. BROWN #15A294280376
